## MADEROS ASSISTING BIG BEND REBELS?

Impression That They Are Being Brought Out at Trial of Ortega at Marfa Before Commissioner.

Members of the Madero family are said to be assisting the "constitutional" forces opposite the Big Bend country of Texas. This development is the latest in a series of events which have been taking place in the Big Bend country since the arrest of Francisco Madero, who was arrested in Presidio on the charge of receiving munitions of war for the purpose of smuggling them across the river for the rebel army. L. L. Kleinman, a merchant of Presidio, testified that the sum of \$500, Mexican money, had been deposited with him for the use of the defense in getting Ortega out of trouble. The money had come from a person who he thought might have come from the Madero family. This, coupled with the fact that San Belden, who was Madero's legal adviser at San Antonio, was at Marfa to attend the trial, led the attorneys to believe that Ortega was receiving assistance from the members of the dead president's family. Ortega was bound over to await the action of the federal grand jury on the charge of receiving and causing to be delivered provisions and munitions of war for the rebel army. His bond was fixed at \$5000. The case was heard before commissioner K. C. Minor at Marfa. Another hearing was in progress Friday on a second charge similar to the one that caused Thursday's hearing. While Ortega had not given the \$5000 bond asked by the commissioner when the El Paso attorneys in the case left the city for El Paso, it was understood that he would be able to give it. Robert T. Neff represented the government at the hearing. E. B. Eilers, the Mexican consul in El Paso and Randolph Terry the defendant. The El Paso attorneys say that the sentiment is entirely in favor of the rebels in the Marfa country.

## FEDERALS MUTINY ON THE CENTRAL

Federal volunteers at Villa Ahumada mutinied and fired into a troop train repairing the Mexican Central railway between the border and the state capital according to a dispatch received here. The federalists have not succeeded in opening the two railways between Juarez and Chihuahua city or below the state capital. No train went out over the Mexico North Western Friday morning, and it will be two or three days before traffic can be resumed on the Central. The latter is the scene of a conflict between Juarez and Maderoists. A work train from Chihuahua is working northward toward Guadalupe. A stub train, composed of an engine, one baggage car and one passenger car, left Juarez at 10 o'clock yesterday for the Central. It was met by a Western railroad for Casas Grandes Friday morning, and if it reaches there without incident, it will bring back four cars of cattle tonight.

## AMMUNITION SENT TO FEDERAL VOLUNTEERS

Douglas, Ariz., June 12.—It became known today that federal volunteers purchased 7000 rounds of ammunition for J. V. Barahona, who it is estimated, has 55 men located in the mountains between the border and the Cuero de Mayo mine. Lack of ammunition is said to be all that prevents the federalists from capturing the mine. The federalists are being recruited in Douglas, crossing the line in ones and twos, and are being sent to work in the mines to the south.

## BRAULIO HERNANDEZ ASSASSINATED, IS SAID

Braulio Hernandez, who organized a group of armed men under the Vazquez Gomez banner at Potosi, Chihuahua, is reported to have been killed by his own men. Hernandez is in the New Mexico border opposite Columbus, N. M. Hernandez was secretary of the Chihuahua state government under the Madero administration, but not mad at Madero and joined the revolt, but later got mad at Madero and quit the revolt.

## CAMPECHE REVOLTS AGAINST HUERTA

Campeche, Yuc., June 12.—"Constitutional" revolutionaries at C. P. Diaz has received official advice from governor Castillo Brito, of the state of Campeche, that he had taken the field with 2000 men against provisional president Huerta.

## CASAS GRANDES QUIET AND SALAZAR NOT DEAD

One of the Salazar federalists at Casas Grandes arrived in El Paso Thursday evening with the report that everything was quiet there; that Maximino Castillo had not attacked Casas Grandes, and that the federalists were in possession of the town. The federalist volunteer said that the bridge burning on the Central was being done by Castillo's men, but by rancheros in the Central country to permit them to rustle cattle.

## SAYS MASSON DROPPED BOMBS INTO GUAYMAS

Bisbee, Ariz., June 12.—Robert L. Perez, here from Naco, says Didier Masson flew over Guaymas and dropped incendiary bombs in the city. He says he has papers and telegrams proving it beyond a doubt. No further flights will be made, however, because the many civilians and foreigners in the city are not allowed to leave and the rebels do not wish to cause unnecessary deaths.

NO COMPROMISE IN POLICE SCANDAL

San Francisco Prosecutor Refuses an Exchange of Light Sentences for Pleas of Guilty. San Francisco, Calif., June 12.—Efforts to compromise the police scandal in San Francisco by an exchange of light sentences for pleas of guilty fell to the ground today. Frank Good, already convicted of sharing profits with bunco men while he was an officer of the law, will be sentenced tomorrow and the other seven policemen under indictment—some for conspiracy, some for larceny, and some for both—will plead not guilty and stand trial.

LOCUSTS INVADE NEBRASKA ORCHARDS

Lincoln, Neb., June 12.—The 17-year locusts which made their appearance in the southern portion of the state early in the week are moving northward and have settled in Johnson county in large swarms. They have collected in large numbers in the orchards and young trees. No damage has been reported as yet, but the insects keep up an incessant noise.

## CONSERVATION WITH USE, IS HIS POLICY

A. A. Jones, Speaking at Albuquerque Banquet, Outlines Policy Affecting the Welfare of the West.

Albuquerque, N. M., June 12.—Hon. A. A. Jones, the newly appointed first assistant secretary of the interior department, announced in a speech at the conclusion of the banquet given in his honor by the Commercial club of Albuquerque last night at the Alvarado hotel, that the motto of the present administration regarding the public lands and mineral and forest resources of the country is "Conservation With Use."

Following the other speakers of the evening, Mr. Jones said he gained the idea that in the opinion of those present a policy had grown up by which the homesteaders and the prospector were viewed with suspicion by the government. Mr. Jones carefully avoided criticism of the interior department, as conducted under recent administrations, but he made it clear that the present secretary is a man of big brain and of broad sympathy, and that he understands western conditions, and that if there has been just ground for complaint in the past, it shall be obviated as far as possible. As first assistant to the secretary, Mr. Jones made it clear, however, that the law will be sternly enforced against those who undertake to exploit the public lands, the mines and the oil on the public domain for speculation, rather than for development and use by the people in whose interest the conservation policy was actually inaugurated.

More than 100 guests assembled around the table in the banquet hall of the Alvarado hotel. Among those from other points in the state were Governor W. C. McDonald, secretary of state Antonio Lucero, attorney general F. W. Flancy, commissioner of public lands R. P. Ervin, state treasurer O. N. Marraz and judge M. C. Mechem.

## RESIDENTS TO BE PAID FOR SERVICE

New Law Provides \$150 for Resident Witnesses Who Heretofore Were Paid Nothing.

Effective July 1, residents of the county in which the prosecution is being carried on, summoned as witnesses by either the state or defense, will receive \$150 for each day they serve in that capacity. Notice to this effect was sent by district clerk J. A. Escudra Thursday by state controller W. H. Lane. Before the passage of the recent law, residents of the county of prosecution when called as witnesses were compelled to attend court and receive nothing for their services. Nonresidents of the county received \$1 a day and mileage. The new law leaves their status the same.

The law provides that witnesses in the case may be summoned by either the state or defense.

District clerk Escudra was requested to make out and forward a list to the controller of the number of witnesses that had been summoned in criminal cases from June 1, 1912, to June 1, of this year, including the number of days the witnesses served. This is to be done so that a sufficient appropriation for witnesses coming under the new law may be made.

## EL PASOANS GIVE \$5000 TO HOSPITAL

Silver City, N. M., June 12.—Mrs. A. S. Gosnell, treasurer of the hospital, has received \$5000 from Mr. and Mrs. J. A. Foster, of El Paso, promised some time ago. The women will erect a new hospital building as soon as possible. Mr. and Mrs. Foster are now at the Minors Hot Springs, where they will be several weeks.

## BULLET PIERCES PROPELLER OF NAVAL AEROPLANE

Annapolis, Md., June 12.—While making a flight in an air boat to Galveston, a flight of 12 miles from Annapolis, Lt. A. Cunningham, of the navy aviation corps, was literally under fire.

A projectile of fairly large caliber pierced the propeller of the machine and glanced off after striking another part of the mechanism.

It is not known where the missile came from. The flight was not interrupted and the return was made to Annapolis without descending.

## JURORS FROM OUTSIDE COUNTIES TO TRY NEW JERSEY STRIKERS

Trenton, N. J., June 12.—Supreme court Justice Mincham made an order today granting to the Supreme silk mill strikers the right when arrested by trial by a jury from another county.

The juryman will be drawn from Hudson county, which adjoins Passaic county, where the strike is located. The trial, however, will be held in Passaic county.

Counsel for the strike leaders asked the supreme court to grant a change of venue on the ground that they could not get a fair trial in Paterson.

## LABOR LEADERS ARE FINED \$500 FOLLOWING PUBLIC SPEECHES

Kansas City, Mo., June 12.—Three of the six men arrested last night for public speaking on the labor lockout, now prevailing here, were fined \$500 each by Judge Barker, in the north side municipal court today. The men denied they were connected with the Industrial Workers of the World or that they came to Kansas City for the purpose of making labor addresses. The technical charge against the men was blocking a sidewalk.
